A joint meeting of the LOTT Clean Water Alliance Board of Directors, Olympia City Council and Port of Olympia Commission scheduled for tonight, Wednesday, November 29, 2017 at the LOTT Board Room at 5:30 pm is postponed. The companion Sea Level Rise Open House and Community Workshop scheduled for Saturday, December 2, 2017 at 10:00 a.m. has also been postponed. Both meetings will be rescheduled early next year to provide an update on the planning process, share results of vulnerability and risk assessment work, and gather feedback to guide the next phase of work.

LOTT, the Port, and the City are working together to create a response plan to protect Downtown Olympia from the impacts of sea level rise. The planning effort builds on steps that have already been taken to prepare for sea level rise. Additional project information can be found on the Sea Level Rise webpage at olympiawa.gov/sealevelrise.
